# 50 E CHESTNUT

50 E Chestnut is among the studio's most recent work: a paneled lobby of warm wood, framed by pilasters and a base of dark brown marble, with a pale stone floor set with small dark squares.

Panels of antiqued mirror, set between the wood, multiply the light of white lantern chandeliers and a softly lit ceiling cove. A concierge desk faced in green leather stands near the revolving entrance door, and a lounge with a deep teal sofa and a pair of rounded cream chairs sits on a rug patterned like terrazzo. Beyond, gridded bronze pivot doors lead deeper into the building.
